Docket No. 98N-1265  
Food and Drug Administration  
660 Fishers Lane  
Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS:

I live in a remote area where there is no "compounding" pharmacy. My physician has prescribed a compounded formula specifically designed to protect my health. To eliminate my ability to obtain this prescription would adversely impact my life, my work, my health.
